

1993 FLYING KNIGHTS SUMMER SCHEDULE

The Flying Knights will meet at the Hamburg field every other Friday evening, starting May 21, 1993, and continuing through September 10, 1993, when the meetings will go back to every 3rd week as per the yearly calendar.

These meetings will be picnic style, you can bring the family, some food to eat, the grill to cook on and something to drink. You can get to the field starting at 5pm and picnic and fly until dusk. These meetings are intended to get everyone flying on a regular basis and to have a great time while doing it. Attendance is strictly up to the individual and no one will be expected to make every meeting night. We hope that you'll want to make as many as possible, but that's up to you.
